

# SELECTION GUIDE LOAD LIMITER

Company Address	Contact person Department Phone E-Mail	Date
--------------------	---	------

## Application

1. Gripper and workpiece weight (kg)
2. Robot model (mind the load capacity diagram)
3. Distance to center of gravity (mm): in X in Y in Z
4. Mounting orientation: horizontal  vertical
5. Max. acceleration ( $m/s^2$ ): in X in Y in Z
6. Max. forces (N): in X in Y in Z
7. Max. moments (Nm): in X in Y in Z
8. Pneumatic pressure (1-10 bar)
9. Ambient conditions Temperature
10. Version with center hole („ULD“): yes  no
11. Option anti-rotation lock: yes  no
12. Option spring reinforcement: yes  no
13. Product preselection
14. Description of the application and use case with sketch (show interference contour):
